

After talking with a couple of medical staff they told me that the children can be the carriers of the virus and show no symptoms. So with a heavy sigh I am closing the studio and will follow guidelines to not gather until schools are open again.

Cecchetti Exams March 27 & 28 in San Jose have also been cancelled.

Stay safe, try to keep somekind of schedule for you and your dancers. There looks to be a few free online dance classes I will try to research for a few good ones.

I truly hope this passes quickly.

Rachel
